## May Program

Jerry Darter, a member of the Kansas City Woodturners Club, was our guest demonstrator. Jerry has presented programs at our meetings before and did another excellent job this month. He brought and demonstrated several of his tops and talked about turning tops at various venues. Jerry's program this month was on surface texturing. He brought several examples of his work that included burning and beading. Jerry turned and beaded a bowl during the meeting. He used a beading tool made by *Ashley Iles*. Thanks Jerry!

### ***Business***

Secretary Harlan Henke opened the meeting.

We welcomed back Don Heese and Rhonda, Joey & Jack Soutter, this time as new members. Jack's sister, Kathy Soutter was a visitor as were Dale Pollard's sons Mathew and Marion. It's great to see woodturning families!

The advantage of having a substitute meeting leader was we sailed through with no new or old business.

Treasurer Chip reported that we about \$1600 in our account.

We had our Show & Tell then had our raffle after the break.

Don Heese brought these rolling pins and tool handles.

Persimmon bowl by Jim Arrowood.  
(Dried in a microwave)

Kent Townsend's curly maple platter.

## June Program

Vince Robinette will be the presenter for our next meeting. Vince has brought several beautiful platters for *Show & Tell* in the few months that he's been a member and he'll be turning another for us at the June meeting.

## New book coming this fall

A new book on turning segmented bowls is being published by Schiffer Publishing this fall. The title of the book is *Segmented Bowls for the Beginning Turner* by Don Jovag and it is designed to guide you through each step of making a segmented bowl. With over 200 colored photos and a concise description of each step you will find the instructions easy to follow. While written for the beginner in mind, this book is a must for all wood turners.

If you are interested in being notified of the date this book will be available, e-mail [donjovag@yahoo.com](mailto:donjovag@yahoo.com).
