Business Meeting

The meeting was opened by Chapter President Dave Halter. He discussed the upcoming AAW Symposium to be held in June 2017:

The AAW is soliciting videographers to cover the show, 1 day training, 6 rotations, set up/tear down, free admission.

They are also seeking secure climate controlled storage for artwork. The facility must be able to receive and store shipments.

AAW is sponsoring "Bowls for Kids" – each bowl donated will be sold for \$25 and proceeds used for local children's charities.

"Beads of Courage" is a program to provide lidded storage boxes for beads awarded to children undergoing medical treatments. More information will be presented at a future meeting.

Final note: The Tennessee AAW Symposium will be held at the end of January in Franklin Tennessee.

Demonstration: From Log to Bowl by Alex Garcia

Alex discussed the importance of safety and holding the log securely while cutting. He used a home built jig to secure the log.

He demonstrated measuring the log to determine final dimensions and deciding whether to keep bark or not. He used contrasting chalk to mark the log prior to making his cuts.

Once the log was cut to final dimensions he attached a circle template to assist in making an accurate blank on the band saw.
